NOW HANGS IN BALANCE.

Reeder Faces a Hard Fight for
Seat; Convention Committee Urges
Suffrage in Tennessee.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, June 25.—The Demo-
cratic National Convention today decided to postpone consideration
of Georgia and Missouri contests until tomorrow morning after
having away all the preliminaries for opening of the convention
Monday. It was the plan of some of the leaders to have the
issue heard by subcommittee. Sentiment, however, was strong
in favor of the full committee and a roll call was de-
clined on the question. The vote resulted 26 to 20 to have the
committee hear the case. The vote by States was as follows:

Alabama, Arizona, California, Connecticut, Idaho,
Indiana, Iowa, Kentucky, Louisiana, Maine, Massachusetts,
Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada,
New Hampshire, New Jersey, New York, North Carolina,
Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South

Ultimatum Issued
by Ulsterites; Lives
Must be Protected

(BY GABLE AND ASSOCIATED PRESS.)
BELFART, June 25.—The standing
committee of the Ulster Unionist
Council has decided to call on
the government to protect the
lives and property of loyal inhab-
itants of the province with the
forces of the crown. Failing this
protection the committee decided
that it should recognize and utilize
the service of the Ulster Loyalists.

LONDON, June 25.—Ireland's
railway situation is daily becoming
worse, according to a Dublin dis-
patch to the London Times. More
men are being dismissed and fewer
trains being run. One town after
another is becoming isolated.
Eventual paralysis of the entire
railway system is looked for.
Soldiers and police continue to
attempt travel by train, with the
result that trains remain in de-
pots. Conductors, firemen and
drivers who refuse to man these
trains are dismissed, and the dis-
patch says there is now an in-
dividual strike rather than a col-
lective strike in full swing.

BULLETINS.

SAN FRANCISCO, June 25.—
Virtually all launches operating in
San Francisco Bay were tied up
tonight when 300 launchmen em-
ployed by six companies quit work
following rejection of their wage
demands by the companies. The
men asked \$1 an hour for Sunday
and overtime and an eight-hour
day. Vessels coming to this port
for launches will be forced to go
to the docks and pay wharfage
instead of lying in the stream
for coal.

PLAINVIEW (Neb.) June 25.—
A cloudburst here today flooded

reached a depth of three feet. A
thousand feet of the Burlington

HAYES STOCKHOLDERS

CREDITORS OF BANKRUPT
LAND COMPANY FILE
BILL IN COURT.

(BY A. P. NIGHT WIRE.)
CHICAGO, June 25.—A bill for
an accounting was filed in Circuit
Court today by W. C. Matthews, and
fifteen other stockholders and
creditors of the bankrupt Dan-
iel Hayes Company, a land stock
organization. The bill declared the
defendants, Daniel Hayes, Jr., C. J.
Sullivan, C. E. Green, Walter S.
Bend, directors of the company, and
others solicited the plaintiffs by
means of "false, misleading and
deceitful representation as to their
business." The plaintiffs alleged
they purchased stock for which they
paid approximately \$13,000.

According to the bill the concern
represented that it owned 100,000
acres of land in San Joaquin Valley,
Cal. About 7000 acres of land were
sold, the bill stated, to which "the
company did not even have a color-
able title. The company was or-
ganized in 1915 under the laws of
Idaho."

LEADER: OF: LIBERALS

Norman E. Mack,
National committeeman from New York State, strong party whip, who is
to be a power, it is said, in keeping Bryan from inserting a dusty
plank to the platform. Mack is a personal liberty leader, and it has
already been ascertained that Tammany and the Illinois delegation
will rally around him to repel the Bryan crusaders.

BAPTIST DELEGATES HURT.

(BY A. P. NIGHT WIRE.)
BUFFALO, June 25.—Twenty-one delegates attending the Northern
Baptist Convention were injured today in the collapse of a wooden struc-
ture upon which more than 500 persons were standing to have a group
photograph taken.
The lower tier of the stand was only a foot above the ground, but the
back tier fell five feet when the underpinning gave way. None of the in-
juries is considered serious.
The accident occurred while the 4500 delegates were leaving the
auditorium after a morning session. The injured included Mrs. Maud
Northrup, McMinnville, Or., wrenched back, and the Rev. F. J. Erickson,
Seattle, body bruises.

STRIKE DARKENS TUCSON.

(BY A. P. NIGHT WIRE.)
TUCSON (Ariz.) June 25.—Tucson is in total darkness tonight and its
water supply threatened as a result of the walkout of engineers of the
Tucson Electric Light and Power Company tonight in sympathy with elec-
trical workers and linemen who struck several days ago.
Street-car service is paralyzed and industrial concerns depending on
electric power are tied up. Water-plant superintendents declare that the
water supply will not last more than a day with its electric motors shut
down.
Crops also are threatened through the shutting down of irrigation
plants.
Controversy over the open shop caused the strike.

HOTEL PENINSULA BURNS.

(BY A. P. NIGHT WIRE.)
SAN MATEO, June 25.—Hotel Peninsula, a local family hotel and
one of the show places of the San Francisco Peninsula, was destroyed
by fire early tonight with an estimated loss of \$500,000.
The combined fire-fighting forces of San Mateo, Redwood City, Hills-
borough and San Francisco fought the flames, but they were handicapped
by lack of an adequate water supply.
None of the guests, most of whom were San Franciscans, was injured,
although few succeeded in saving any of their personal effects.

DOHENY ELECTED TO COMMITTEE
ON RESOLUTIONS; DOCKWEILER IS
RE-ELECTED TO NATIONAL BODY.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, June 25.—E. L. Doheny of Los Angeles, oil
operator, was elected California's member on the resolutions com-
mittee of the Democratic National Convention by the California
delegation today.
Gavin McNab of San Francisco was elected chairman of the
delegation. No mention was made of the prohibition question, of
other issues or of aspirants for the Presidential or Vice-Presidential
nominations.

Ledore B. Dockweiler was re-elected national committeeman
from California.
Preliminary plans were laid for the banquet to be given by the
California delegates tomorrow night to delegates and national com-
mitteemen of Western States and Territories. Problems peculiar to
the West are to be discussed and an effort will be made to obtain
unity of action upon them.

Mr. McNab pointed out that the States and Territories west-
ward from and including Montana, Wyoming and Colorado would
have a representation in the convention double that of the largest
State. Lorin A. Handley of Los Angeles was chosen to preside at
the banquet.

T. A. Reardon of San Francisco was selected to the committee
on rules of the national convention and Hugo K. Ascher of San
Francisco to the committee on credentials.

Chosen for other committee representatives were: T. A. Storke,
Santa Barbara, permanent organization; J. B. Coulston, Altadena,
committee to notify nominee for President; Judge Emmett Sewell,
Santa Rosa, committee to notify nominee for Vice-President.

Mrs. Minnie R. Fitzgerald of Fresno was elected an honorary
vice-president of the national convention and Mrs. F. E. Parker
an honorary secretary. H. H. McPike of Oakland was elected sec-
retary of the California delegation.

PALMER, COX, McADOO LEAD
AS CHOICE IN FIRST BALLOT;
WET HOPES ARE WEAKENING

BY S. FRED HOGUE,
Los Angeles "Times" Editorial Staff Writer.
(EXCLUSIVE DISPATCH.)

SAN FRANCISCO, June 25.—Palmer, Cox and McAdoo. These three will lead the field by at
least ten lengths on the first ballot, probably in the order given. But Palmer and Cox are likely to
fade away, like mists before the sun, by the time half a dozen ballots have been taken. Only a
miracle can give either of them the nomination. They might be likened to the pawns on the polit-
ical chessboard. They occupy the front rank, but only to be sacrificed. The big pieces are kept in
the rear until the attack develops.

Bryan has already opened his fight on Palmer. Both are dry, and if Bryan were to throw his
strength behind Palmer from the start it might be possible for the Pennsylvania favorite to win.
For that very reason, Bryan will do nothing of the kind.

Beckham Decided Upon

SAN FRANCISCO, June 25.—
Members of the Kentucky dele-
gation who arrived today said Sen-
ator Beckham had virtually been
agreed upon for the resolutions
committee. There was said to be
pronounced sentiment against any
mention of the prohibition in-
terference issue in the San Fran-
cisco platform. Kentucky is in the
Cox column for the Presidential
nomination.

Ship Dead in September

CHERBOURG, June 25.—The
American Army authorities have
informed the Mayor of Cherbourg
that the port of Douvren will be
the part of embarkation for the
shipment of American dead to the
United States, beginning in Sep-
tember. The bodies will be placed
in hermetically sealed metal con-
tainers.

The town of Cherbourg will
be the assembling point from
which the bodies will be taken on
board homebound-bound American
steamships.

Push Reds in Crimea

CONSTANTINOPLE, June 25.—
The offensive which is being car-
ried by Gen. Baron Wrangel,
successor to Gen. Denikin, against
the Bolsheviks in the Crimea, is
developing rapidly. Wrangel's
troops have occupied the line of
Makalawka, Bolshichmah and
Wakawa. They have taken 16,000
prisoners and captured forty-eight
guns, 250 machine guns, three
armored tanks, nine armored
automobiles, several million pounds
of wheat and much rolling stock.

Cut Rates on Cotton

VANCOUVER (B. C.) June 25.—
Cuts in trans-Pacific carrying
rates on cotton, steel, lumber and
automobiles, in an effort to equal-
ize the position of the Pacific
Coast with gulf ports and New
York and North Atlantic ports, have
been decided upon at the first an-
nual conference of the Pacific
Coast Oriental Traffic Bureau, held
here today. The conference was
attended by representatives of
seamanship lines and shipping com-
panies operating for ports be-
tween Los Angeles and Vancouver.

Recalls Transport Sinking

PARIS, June 25.—Exhumation
of the bodies of 489 American
soldiers who were washed up on
the rocky shores of the island of
off the Scottish coast, after
the sinking of the transport Tus-
cunia and Otranto in 1918, will
be started July 1, it was an-
nounced today by the British
cavalry which inhabits the lonely
spot has taken the most tender
care of the graves. The chiefs of
the clan pleaded that the bodies
be left on the island, but the re-
latives in many cases wished the
return of the bodies and it was de-
cided by the graves registration
service to remove them all.

Wife May Die; Mate Held

Mrs. Ethel Sicane, 22 years of
age, of 222 West Thirty-eighth
street, was possibly fatally in-
jured last night when the auto-
mobile in which she was riding
with her husband turned over on
the Long Beach Boulevard, four
miles west of Huntington Park.
She was taken to the Receiving
Hospital. She has grave internal
injuries, the surgeon said. Her
husband, Earl B. Sicane, aged 35,
a shipyard worker, was arrested
early today by Deputy Sheriff
Hots and Cronin and lodged in the
County Jail charged with driving
an automobile while intoxicated.

Turks Press on Greeks

CONSTANTINOPLE, June 25.—
The Turkish Nationalists still are
pressing the Asiatic shores of
Marmora in the vicinity of Con-
stantinople and are directing a
great concentration of troops
toward the city. Apparently the plan of the
followers of Mustafa Kemal
Pasha, the Nationalist leader, is
to harass the Greeks as much as
possible in Thrace and the En-
glish opposite Constantinople to
prevent them from sending reinforcements to the Greeks in the
Smyrna district, where it is be-
lieved here, the Nationalists will
attack in force if the Peace Con-
ference persists in giving Smyrna
to the Greeks.

Last week Bryan was quoted as
saying that he would vote for Mer-
edith. But he was caught this after-
noon in a secret conference with
senator Owen in the alley back of
the Palace Hotel. It was later an-
nounced that Bryan would lead
the fight for Owen in the convention.

HOPE OVER BRIGHT.
Bryan is always campaigning with
an eye to the main chance. He al-
ways expects another occasion to
rise when he can stampede a con-
vention to give him a nomination.
The first objective of the Bryan
strategy is to kill Palmer off. For
Palmer is a dangerous man in a
convention where the dry sentiment
predominates.

Gov. Cox will probably poll 300
votes on an early ballot. But that
will be about the peak of the Cox
strength. Unless there is a strong
revulsion of sentiment no wet can-
didate will get as many as 350
votes.

These early ballots will be only
a prelude to the show. Reduced to
its final analysis, this is not going
to be a convention, but a struggle
to determine whether the king can
be brought to abdicate in favor of
the crown prince.

If the long distance wire between
the White House and San Francisco
could be cut out of commission, Mc-
Adoo could have the nomination. He
is plainly the favorite of the dele-
gates who feel that he will accept
deures that he declined to permit his
name to go before the convention.

McADOO ADHERENTS
The unit rule and asking to vote
for McAdoo from the jump; pro-
vided he does not issue a statement
to the effect that he will not accept
the nomination if it is accorded to
him. That is what he has not said.
It is the line in the selection of the
Committee on Platform and Resolu-
tions. It looks as though the com-
mittee were called both against
radicals and the mild enforcement
forces.

The Democratic platform is not
going to be so radical as the in-
line and the Reds had been planning
for. It was a little more to the
labor unions than the Republican
platform, but not much.

Three days before the show opens
it looks as though there are signs
of grief ahead for the victors. The
Learis, for Governor, and for the
railroad brotherhoods. The radicals
and union laborers have lost
along the line in the selection of the
Committee on Platform and Resolu-
tions. It looks as though the com-
mittee were called both against
radicals and the mild enforcement
forces.

But it becomes more evident hour
by hour that the convention is
going to be a show, and not a
meeting. The President's recom-
mendation of the National Union
will face badly if other issues are
permitted to intrude, so he has
sent Carter Glass here to sit on the
sidelines. Unless some one explodes
a bomb early in the session, it will
be one of the most decorous con-
ventions ever held by the Demo-
cratic party.

Looks as though the President has
been taking a few pointers from
the enemies in the Senate on the way
conventions ought to be run.
"Cut out the show," they say.
Orders. If they are obeyed, the
convention won't be worth reporting.

DRYAN SUPPORTS WALSH BAS TEMPORARY CHAIRMAN

Nebraskan Wants Montana Senator to
Wield Convention Gavel; the Old
Guard is Backing Cummings.

BY ARTHUR SEARS KENNING.
(EXCLUSIVE DISPATCH.)

SAN FRANCISCO, June 25.—On the eve of the assembling of the Democratic National Convention this coming Monday, there are three major factions, each maneuvering to make its leader the nominee for the Presidency.

The leaders of these factions, named in the order of apparent strength in the convention, are James M. Cox, Governor of Ohio, back of whom are massed the anti-administration forces and the wets; William G. McAdoo, son-in-law of the President and former Secretary of the Treasury, whom, despite his definite withdrawal of his name, the aggregation of Federal office-holders, the international bankers working for the League of Nations and railroad and other labor elements are bent upon nominating, and A. Mitchell Palmer, Attorney-General of the United States, supported by some of the organization Democrats and the patronage machine of the Department of Justice and Alien Property Custodian's office.

In the background of possibilities ready for consideration in the event of a deadlock are Vice-President Marshall, John W. Davis, American Minister to Great Britain; former Speaker Champ Clark and lastly President Wilson himself.

STRENGTH TEST.
That the administration will control the organization of the convention and the framing of the platform by the resolutions committee appears probable, but there is doubt that the administration will be able to go any further. The first real test of strength between the administration and its opposition will be over the selection of the permanent chairman.

The administration program calls for the election of Secretary of State Cully as permanent chairman. Bryan wants Senator Walsh of Montana. The Democratic old guard is for National Chairman Cummings, who also will be temporary chairman, while Senator Robinson of Arkansas is being suggested as a possible compromise.

PALMER MAKES CLAIM.
Of the three leading candidates none is within shouting distance of the requisite two-thirds majority and it looks as if it would take considerable balloting to bring any of them within reach of a single majority. Atty.-Gen. Palmer, who arrived today with the Pennsylvania delegation, seventy-five out of seventy-six strong for Palmer, and immediately began to stir the victory while the claiming was good, is fairly to pull more votes on the basis of present reckoning. His might be put over by the administration, but there is no sign up to date that the administration harbors any such intention.

Palmer proved a weak candidate in the primaries, particularly in Michigan; the Bryan contingent is

against him and the officeholders, with the exception of the Palmer personal machine, prefer McAdoo. In addition there is a widespread feeling among the delegates that Palmer is distinctly unavailable because of the enmity of labor aroused by the coal strike injunction and because of revelations that his campaign managers are counsel for the Pennsylvania steel interests, which have escaped prosecution for alleged defrauding of the government of income taxes.

COX BENEFITED.
In potential strength, Gov. Cox leads in all present calculations. He has benefited distinctly from the solidification of the forces determined to prevent the selection of McAdoo. In this constituency are included the New York, Illinois, Indiana and Ohio delegations. Most of New England and the delegates controlled by Jim Nugent of New Jersey, Fred Lynch of Minnesota, and other leaders opposed to administration domination and favorable to a candidate whose views are "liberal" on the liquor issue.

A good many delegates who were merely riding in the McAdoo handwagon and who took McAdoo's withdrawal at its face value already have lined up with Cox and arrangements have been made to swing a considerable portion of Palmer's strength to Cox after the initial balloting. At a conference of anti-administration forces brought about by National Committeeman Moore of Ohio and Lynch of Minnesota, and Edward Hoffman of Indiana, representing Tom Taggart, the accession to Cox were footed up and it was pronounced entirely feasible to prevent the nomination of McAdoo. Hereafter the conference were uncertain of the situation, but hopeful that the opposition would be able to elect a candidate who would be unable to muster a two-thirds majority in some quarters the theory advanced that the President would

John T. Barnett, Colorado; Isadore B. Dockweiler, Los Angeles, and Hugo K. Ascher, California.

As the convention city by the Golden Gate fills with Democrats from forty-eight States and several Territories, leaders Dockweiler is made more and more busy shaking hands and extending the hospitality of the metropolis. For although he is from Los Angeles, the delegates everywhere remember him as the man who made the ringing address in Democratic council which resulted in bringing the convention to the Coast. So it is looked upon somewhat as Dockweiler's convention. In the preliminary councils this afternoon he arranged for a sightseeing steamer excursion for delegates next Tuesday morning. When the convention adjourns Tuesday it will probably be until 1 o'clock Tuesday in order to devote the morning to a trip out into the bay.

COBB SAYS OLD ORDER CHANGETH.

Absence of Bewhiskered Politicians Noticeable on Convention Train; Ham Lewis With His Oriflamed Hirsute Adornment is the Only Old Timer Left.

BY IRVIN S. COBB.
(EXCLUSIVE DISPATCH.)

BOUND TO SAN FRANCISCO ON CONVENTION TRAIN AND PRACTICALLY THERE, June 25.—We have only one Presidential candidate on board with us. This is because the train has been broken up into two sections and we travel on the first section. If the second section should run into us from behind and telegraph us we would then have three candidates in all, but, barring collision, we must cruise along to the journey's end with our one.

Day before yesterday on the first lap of the long transcontinental hike he met most of the passengers in the club car for a sort of combination conference and boost-fest. This happened just as we were pulling into Council Bluffs. In this coincidence some of us thought we saw a meaning. The trouble was, though, that we couldn't decide after hearing the band whether the account should be put on the Council or the Bluffs.

But we are totting along with us less of hard-work Presidential timber than the average westbound train has been carrying this week; we have a properly large contingent of delegates among us, including men and members of the eastern sex as well. Half a dozen eastern States, North and South, are represented. The adjoining car to ours contains the entire Vermont delegation. When you snatch a glimpse of a prairie dog's hole in Vermont at one fell swoop, so to speak, you make an awful hole in the embattle Democracy of that State, especially as the Democrats in Vermont have already suffered two severe party losses this year. One died and the other of being regarded by his neighbors as an eccentric character and moved to Indiana. Another then advanced, to accept for his departure, was that in the last election in his county the Democratic tickets polled two votes and he was afraid he might be arrested for repeating.

VERMONT OPTIMISTIC.
However, the Vermonters with us are most encouraged over the prospects for November up their way. They have hired two seven-passenger cars and expect to get out the full strength of the party on election day. If all twelve of them keep their health a spirited campaign is predicted.

The Massachusetts crowd is equally optimistic regarding the outlook. One and all, they unite in declaring that if the convention next week will only forget the League of Nations and come out strongly for home rule in Ireland the ticket will carry every county south of the Potomac. The Rhode Islanders on board are not so interested in candidates as they are in principles. They want liberty and a clam fritter given free with every drink except a schooner, just as it used to be in the old ancient days. I took the Eighteenth Amendment to show that the smallest State in the Union had the largest thirst.

ABSENCE OF WHISKERS.
Mingling with my fellow-travelers I have been struck by one very significant fact. Here we have upwards of ten delegates and alternates, in addition to fully fifty political figures, from the formally accredited and one candidate, halloo as they do from practically all the States east of the Mississippi, and not a whisker, side or chin, on the train. Surely the old order changes. Twenty years ago at any political gathering in America fully a third of those present would be lurking in ambush, each behind his own personal jungle. Here would be a statesman and up as a Rocky dell. There would be one needing only a few wooden decoys set out in front of him and a pump run hasty to be a duck wailed. But now, J. Ham Lewis looms above his half-masted pink Oriflamed as the last reliable survivor of an almost extinct species. It's getting so that whiskers attract almost as much attention at a national convention as they do in a mayonnaise dressing.

to the Golden Gate, rumors multiply as to the extent and warmth of the hospitality awaiting us. Under on the other side of the Sierra. All the same, I fear hard feelings may unintentionally be engendered should any eastern visitor be so ignorant as to call San Francisco by the name of France, or be so thoughtless as to refer to western disturbances, while in conversation with a native son. I remember the first time I came to San Francisco. I was shaken out of bed one night by a slight false alarm, and next day I carefully mentioned the circumstances to some of the residents of the city, and at once a noticeable chill fell upon the company.

CAN HEAL BRUISES.
Bryan, he will vote for a candidate of Bryan's choosing. But, as I have pointed out, Bryan's ideal candidate is no more. Mr. Bryan is on record as saying he favors some one strictly committed to prohibition and woman's suffrage, as the paramount issues, and Dr. Mary Walker is dead. For a second choice I suppose Mr. Bryan might select the Greater Cleveland Bergdoll of Philadelphia, as one sharing some of his favorite views. Like Mr. Bryan, Mr. Bergdoll was, from the very first, strongly opposed to the war with Germany, and Grover also has proven that he can run well.

Probably though, Mr. Bergdoll wouldn't care to be a candidate himself. He is the backing of the "less one." Out of common gratitude, Grover should be committed to Secretary of War Baker. Perhaps Mr. Bryan may have to run himself. Well, he always has.

"HARDING IS FREE"—TAFT.

Democratic Charges of Bossed Convention are Without Foundation, States Former President, in Review of the Doings of the Chicago Delegations.

BY WILLIAM HOWARD TAFT.

The purpose of the Democratic opposition to make it appear that the Chicago convention was controlled by a coterie of Senatorial homes, and by processes essentially "Prussian," to use Mr. Wilson's expression, is obvious.

But such a charge is quite without foundation. It is entirely natural and proper that Senators should be active in the national politics of their party. It is quite proper that they should be interested in the declarations of the party platform, and that they should be interested in the declarations of the party platform, and that they should be interested in the declarations of the party platform.

CONTROL NOT SHOWN.
Their presence in the convention, therefore, and their seeking to influence its course, does not indicate a machine control of the convention, unless it is apparent that their machine control of their delegations in their respective States should be selected as delegates to a national convention. It is quite proper that they should be interested in the declarations of the party platform, and that they should be interested in the declarations of the party platform.

ARTICLES MISLEADING.
Immediately after the nomination the public was treated to dramatic descriptions in articles instituted by those who wished to claim the credit for the nomination, or a

meeting of certain Senators and others in a hotel room in which the selection of Mr. Harding was determined upon the night before his nomination. These descriptions are sporadic like most of the very persons to whom the selection of Mr. Harding is credited in that article were the next day engaged in an effort to turn the convention from Mr. Harding.

A total of 28,321,000 barrels will be needed yearly, beginning September 1, 1920, for delivery in monthly installments at twenty-two Atlantic Coast and foreign ports. The bids will be opened July 15.

PALMER ARRIVES FOR CONVENTION

Takes Personal Charge of His Own Campaign.

Is Also Serving on the National Committee.

Accompanied by Two Trainloads of Delegates.

(BY A. P. DAY WIRE.)

SAN FRANCISCO, June 25.—Atty.-Gen. Palmer arrived here today, took personal charge of his campaign for the Presidency, and at the same time plunged into his duties as a member of the Democratic National Committee.

The latter task, he said, he regarded as a sufficient reason for his presence in the convention city. He added that he considered questions of platform and policy far more important than the problem of who should be the nominee and suggested that the party must stand for the ideals of historic Americanism, of constitutional democracy and of impartial enforcement of law.

Accompanied by two trainloads of Pennsylvanians, including the seventy-six Pennsylvania delegates pledged to his support, the Attorney-General was met at the Ferry Building by a crowd and a brass band which serenaded him as he greeted his old-time Democratic friends and smiled into the camera. San Francisco arrived here four hours ahead of time.

The Attorney-General declined to make any statement about prohibition, the League of Nations or other disputed platform issues.

"In coming to the convention myself," he said, "I am only following the practice of a life time. Ever since I have been a voter I have been a member of precinct, ward, county, State or national committee, and I expect to be a working organization Democrat as long as I am able to work. I so firmly believe in the continued success of the Democratic party that I look forward to participation in the active work

of the party as a paramount patriotic duty.

"I am attending the convention not so much for the purpose of advancing my own candidacy for the nomination as to take part in the councils of the party in considering the wise and proper course which the Democratic party should pursue this year. Who shall be nominated is a relatively unimportant matter. It is, however, all important that the ideals of historic Americanism and constitutional democracy and of impartial enforcement of law be upheld to the utmost.

"I am hopeful that our party, in its action at Chicago, will declare for the maintenance of America's courageous leadership in the world, which she filled during the war and which she must fill through all the peace times of the future if our American people are to prosper."

Ambassador Morris lauded a statement advocating Mr. Palmer's candidacy and wished the Attorney-General a "gift of leadership, his progressive views, his courage and his devotion to American ideals."

LEAGUE ASKS WILSON FOR BEER AND WINES.

(BY A. P. DAY WIRE.)

NEW ORLEANS, June 25.—Declaring that "in Louisiana wine is universally used," despite Federal prohibition laws, Arsene Perillat, chairman of the Liberty League, which claims 15,000 members in Louisiana, today telegraphed President Wilson urging him to recommend to the Democratic National Convention a platform, plank proposing modification of the Volstead act.

The message to the President, similar to ones sent last night to William J. Bryan and other convention leaders, asserts that the league does not desire a return of the nation to a state of prohibition, but "merely the right of the individual to use wine and beer as he has long been accustomed to."

FOR CHAIRMAN.

(Continued from Second Page.)

he greatly pleased by a tribute from
his party in the shape of a renoma-
tion, which he then would decline
but there are few Palm Springs ap-
parently who are willing to carry
such a theory to its logical con-
clusion without some tangible
guarantee that the President actually
would decline the proffered honor.
The delegates are willing to go to
any length of extravagance in praising
the President and lauding his
administration and they are willing
to use his record as an asset in
the campaign, but with that they
desire to call the account squared.
The value of the President is in the
past, not in the future tense.The Pennsylvania delegation ap-
proach the President to advise Atty-
Gen. Palmer to the progressive
State as a simple pure progressive.
Mr. Palmer himself called attention
to his progressive qualities.

TOOTS OWN HORN.

The progressive idea which
came out of the great west a de-
cade or more ago," said the Atty-
Gen. General, "found its first lodg-
ment in the east in the Pennsylv-
ania democracy. For eight years
now the Democratic party in our
State has adhered with constant
fidelity to those progressive prin-
ciples, which were alike the creed
and glory of the western democracy.
We have brought a delegation to
San Francisco, which will stand firm
against any reactionary movement
in the party and which will not be
carried off its feet by any appeal
of a single class for special recog-
nition."Vance McCormick of Pennsylv-
ania, former chairman of the Penn-
sylvania National Committee, also ex-
plained to the westerners upon the
progressivism of Palmer under
whose leadership, he said, the Penn-
sylvania democracy had been re-
claimed from reactionary influence.

OPPOSE WET PLANK.

The Cox managers began during
the day to oppose a "wet" plank in
the platform. With Cox the nomi-
nee, it was contended a "wet" plank
would be unnecessary as a means
of convincing the electorate that
the Democrats stood for liberalizing
the prohibition-enforcement law so
as to permit light wines and beer.
The move also was viewed as a de-
vice to please Bryan, who is vigor-
ously opposing the Cox candidacy,
and whose adherents confidently an-
ticipate he will hold the Ohio Gov-
ernor short of a two-thirds majority
until doomsday.Despite his withdrawal, McAdoo
looms larger today than at any time.
Robert Woolley, Thomas B. Love and
several other friends on the scene
are telling the delegates to await
the propitious moment for puttingMcAdoo over, and to rest assured
that he will accept the nomination.

MADDOO WEAKENED.

There is no doubt that in the sum-
mer of delegates committed to him
at this time, McAdoo has been
weakened by his withdrawal. But
this is a relatively unimportant fac-
tor, for McAdoo's chances of being
nominated is founded on the break-
ing of a deadlock. It looks as if
there would be a deadlock, with no
candidate able to achieve a two-
thirds majority in the early ballot-
ing, and the friends of a McAdoo
not intend to make their real bid
in his behalf until the deadlock has
begun to bore the delegates.The strategy of the McAdoo men
is to pit Cox against Palmer, giv-
ing them a full and free opportunity
to kill off each other and then to
trot forth the President's son-in-law
as a compromise. Great care is be-
ing exercised to make it appear that
the administration has no hand in
the McAdoo movement, and reports
are being circulated industriously
that a candidate for a third term
break between the President and his
son-in-law.

FALL BACK ON MARSHALL.

If Cox should fail and McAdoo
should be halted successfully, the
anti-administration crowd would be
disposed to turn to either Champ
Clark or Vice-President Marshall.
In this connection the Vice-President
appears to be the stronger possibil-
ity. When the Indiana delegation
meets Marshall intends to request
that his name be not presented to
the convention. It is known, how-
ever, that if Indiana accedes to this
request the Vice-President probably
will be placed in nomination by
either Colorado or Florida.There is noticeable little enthusiasm
for the renomination of President
Wilson. Many delegates are con-
vinced the President is stridently
maintaining a receptive atti-
tude, and otherwise would have
withdrawn himself definitely from
any possibility of consideration, but
they are equally positive that it
would be politically disastrous to
name a candidate for a third term
and a candidate who is a sick man.

MAY QUIET RAID WORKERS.

nouncement by the Railroad Labor

ence in alleviating unrest among the

Beat Harding"Bryan might swallow McAdoo, but he won't swallow Cox or Edwards. Cox is both able
and popular; he would probably poll a larger vote than McAdoo, who has aroused opposition
among the business interests of the country. If there is a deadlock at San Francisco a 'dark horse'
may be nominated. John W. Davis has been mentioned as a possibility. Senator Underwood of
Alabama, altho he comes from the 'Solid South,' would make an ideal President"—thus the
Birmingham Age Herald presents a bird's-eye view of the situation at San Francisco. And these
are not the only men who have a chance, according to the American press.Should there be a strong provision in the platform endorsing the League of Nations, with or
without reservations? Should the platform contain a "wet" or a "dry" plank? Should there be
an appeal to the labor vote?In THE LITERARY DIGEST for this week, June 26th, the Democratic platform and
the various planks that it should contain, as proposed by Democratic editors, is discussed as well as
a summary of the chances for nomination of various men who have been put forward.

PORTLANDER TO HEAD ROTARIES.

Board of Governors to Decide

of the international association of
Rotary Clubs at the closing meet-
ing today. Snedecor, who had the
solid support of the Los Angeles
Rotary and other Pacific Coast de-
legations, was elected on the third bal-
lot.

The Canadians did much to help
elect Snedecor. In return for this
the Los Angeles Rotary turned in
and elected Dr. C. C. McCullough
of Ft. William, Ont., the first in-
ternational vice-president. The
other successful vice-presidents, out
of a field of ten entries, are Ray-
mond M. Havens, of Kansas City,
Mo., and Robert H. Timmons, of
Wichita, Kan.

The Board of Governors will meet
tomorrow. It is expected that the
convention city for next year will be
announced after the meeting. Los
Angeles could have had the con-
vention for 1921.

MAY GET CONVENTION.
After the declaration of Huse
Burgwald, president of the Los An-
geles Rotary, that his city would not
despise the selection of Edinburgh
if the Scottish city really wanted
the convention, delegates pulling for
Los Angeles withdrew. However,
Los Angeles may get the convention
if something unforeseen happens
and Edinburgh is not chosen. This
is highly probable.

Trades between the Los Angeles
and Canadian Rotaries were rumo-
red here prior to the election. When
it was revealed how they voted on
the international officer election, the
rumors were confirmed. Throughout
the convention the Canadian and the
Los Angeles delegations stuck together.

There was a farewell parade this
afternoon when the Los Angeles
delegation and the others departed
tonight. Some of the delegates start-
ed home tonight. Other groups will
start tomorrow for New York City.
They will stop en route at Philadelphia,
Trenton, the capital of the State,
and other points of interest on their
journey to the metropolis. The New
York Rotary will have as guests
the members of the Los Angeles
delegation among other delegates on
Monday which is Rotary day in the
metropolis. The program is an elab-

orate one and is costing the New
York Rotary \$10,000.

MANY TO TAKE TRIP.
Twenty-five hundred Rotarians
have registered for the trip. On
Monday morning they will meet at
Forty-second street and will board
the Clamont for a trip up the Hud-
son. They will arrive at Bear Moun-
tain at noon. Automobile buses will
be on hand to drive the delegates to
a camp where a chicken dinner will
be served.

The Los Angeles club will be host
at a dinner in New York tomorrow
night. Following this event there
will be six or eight theater parties,
a treat of the Los Angeles delega-
tion to other Rotaries.

The delegates as guests of the
New York Rotary will be taken for
an inspection of the New York stock
market. This will be the first time
that persons, not members, will be
permitted to view the exchange in
action. Charles A. Pearson is chair-
man of the reception committee.

**MEXICAN RAIL WORKERS
STRIKE FOR BACK PAY.**

(BY A. P. NIGHT WIRE.)
MEXICO CITY, June 25.—Four
thousand members of the Society for
Proletarian Defense of San Pedro
de las Colonias, have gone on strike
for higher wages, according to news-
paper dispatches today.

The president of the society tele-
graphed Gen. P. Elias Galles, the
War Minister, that farmers and sol-
diers had arrested the presidents of
the labor groups and sent them to
Torreón. Gen. Galles ordered the
commander at Torreón to investi-
gate, adding "the right to strike is
sacred."

Union workers at Puerto Mexico
in the State of Vera Cruz, have de-
clared a strike in sympathy with the
petroleum strikers and the train-
men on the Mexican railway at
Orizaba, Yuc. Cruz State, have
called a strike for back pay, accord-
ing to Excerpt.

SHRINERS END COUNCIL MEET.

Exodus from Portland is Com-
pleted in Mad Rush.

Forty-one Special Trains
Start for South.

Many Will Pay Visit to Los
Angeles Soon.

(EXCLUSIVE DISPATCH.)
PORTLAND, June 25.—Exodus of
the 15,000 Shriners who have made
holiday in Portland this week was
complete tonight. All last night
and today trains left Union Station
in rapid succession. Although the
Rose Festival continued today, most
of the enthusiasm has subsided.

Scenes of greatest confusion pre-
vailed throughout the night at the
station. Tens of thousands of Shriner
were trying at the same time to
find their trains and efforts of rail-
road officers and police to keep some
semblance of order failed.

Fearful that they would miss their
specials, the Shriners stormed over
the railing and between the iron
pickets to the train platforms until
everything was blocked. Now and
then a train would get under way,
but no definite schedule was main-
tained.

MANY COMING HERE.
Los Angeles is due for a big in-
flux of returning Shriners within the
next few days. Forty-one special
trains have been chosen the southern
route for their return, and it is
thought most of them will go
through Los Angeles.

Florida before midnight last night
were as follows, some of them oc-
cupying more than one train: Anad
Temple, St. Louis; Medina, Chicago;
Aram, Kansas City; Aleppo, Bos-
ton; Akbar, Tulsa; Kerbel, Knox-
ville; Zenobia, Toledo; Moplah, St.
Louis; Cassia, Charlotte; Elmira, Gal-
veston; Hadi, Evansville; Indu, In-
dianapolis; Madisoville, Ky.; Shrine
Club, Amarillo; Elkarubak, Shreve-
port; Almas, Washington; Ramona,
Toronto; Aladdin, Columbus; Ismailia,
Buffalo; Rajah, Reading; Syria,
Pittsburg; Alhambra, Chattanooga;
Taarak, Atlanta; Morocco, Jackson-
ville; Al Koran, Cleveland; Hella,
Dallas; Elkahab, Salt Lake; Al Sinah,
Macon, Ga.; Molla, St. Joseph, Mo.;
Zurah, Minneapolis; Oslira, Wheel-
ing; Murat, Indianapolis; Sahara,
Omaha; Midian, Wichita; Zvara,
Utica; Karak, Reno; and Elf Khura-
feh, Saginaw.

that can and will enfranchise them
prior to the November election by
ratifying the thirty-sixth State to
ratify the suffrage amendment. We
trust that for the present all other
legislative matters may, if necessary,
be postponed until after the election.
We will call an extra session of the
Legislature of your State for such
brief duration as may be required
to act favorably upon the amend-
ment. Tennessee occupies a position
of peculiar and pivotal importance,
and one that enables her to render
a service of incalculable value to
the women of America. We confi-
dently expect, therefore, under your
leadership and through the action of
the Legislature of your State, the
women of the nation may be
granted the privilege of voting in the
coming Presidential election."

"HOMER & CUMMINGS.
Chairman, Democratic National
Committee."
REPORT IS APPROVED.
The committee approved the Ex-
ecutive Committee's report of tem-
porary officers of the convention,
which recommended Homer S. Cum-
mings as temporary chairman.

Minutes on the death of Roger
Sullivan, Illinois; John T. McGraw,
West Virginia, and William J.
Stone, Missouri, were adopted by a
rising vote.

The committee, after a brief dis-
cussion, placed on the temporary
roll the names of two delegates and
two alternates from the Panama
Canal Zone. This will give the
Canal Zone representation in a
Democratic National Convention for
the first time if the delegates
are seated by the credentials com-
mittee.

OREGONIAN PROTESTS.
In the case of John L. Schuy-
leman, who protested against the
seating of R. R. Turner as a dele-
gate-at-large from Oregon, the
committee decided to seat Turner.
Turner was selected a delegate-at-
large by the Oregon State commit-
tee to fill the vacancy caused by
the death of G. T. Baldwin.
Schuyleman argued that he should
fill the vacancy on the ground that
he received the fifth highest vote
in the race for the four places as
delegates-at-large.

Schuyleman announced he would
carry his case to the credentials
committee.

The committee then took up the
Georgia case, Clark Howell,
leading the A. Mitchell Palmer
group of delegates, said he would
take only ten minutes to present his
side of the case. Former Sena-
tor Hardwick wanted thirty min-
utes. As some of the committee-
men had early evening engage-
ments it was decided to take up the
Georgia case tomorrow and the
committee adjourned until 10 a. m.

On the suggestion of National
Committeeman I. B. Dockweiler,
California, the convention will be
asked that when it adjourns on
Monday it be until 1 o'clock Tues-
day in order to permit the visiting
delegates to take a steamer excu-
sion Tuesday morning.

The women members of the ex-
ecutive committee decided to recom-
mend that no reference be made to
the prohibition question in the plat-
form to be adopted. It was also agreed
to recommend that President Wil-
son's stand on the peace treaty and
League of Nations be approved.

The following planks submitted
by the labor committee of the wom-
en's bureau, Democratic National
Committee: Mrs. Robert Bruce
Bruere, New York, chairman, were
adopted.

"We affirm the right of collective
bargaining between employers and
employees through representatives
of their own choosing. We approve
also the National Industrial Coun-
cil established by employers and
employees within various indus-
tries, the findings of which shall
have the effect of ordinary collec-
tive agreements, but not of judicial
decisions, subject to compulsory en-
forcement."

"We insist on the abolition of the
labor of children under 14 years,
and that children between 14 and
18 shall be permitted to work only
after passing examinations by local
school and health authorities, as-
suring proper standards of health
and education."

"We reaffirm our belief in the prin-
ciples of the Democratic platform of
1916, and again urge the general
adoption of the eight-hour day."

"We believe that wages should be
paid on the basis of service, not of
sex, and that minimum wages should
be fixed which will insure to all
wage earners a proper standard of
health, comfort and efficiency."

"We urge that the Federal Trade
Commission be given greater powers
over the basic food industries of
life."

In granting Mrs. Clara A. Hull a divorce from Harry F. Hull of Long Beach, and alimony of \$50 a month, Judge Charles C. Chittenden said: "I would like a chance to get after this man."

Chittenden in Mrs. Hull's divorce suit showed that for a time he kept two establishments. In one was his wife, and in the other was another woman. Chittenden said Mrs. Hull forgave him for some of his previous misdeeds, but when he kept another woman, she was not so forgiving another woman, she left him.

One day she had a conference with her husband and made at his doorstep. Aggie told her, she said, she did not care whether or not Mr. Hull was a married man, she would have him. Chittenden said him, Mr. Hull did not want his wife to get a divorce. Subsequently she said she had never appeared. Aggie and her two children also departed, it is said.

MONKEY BANDIT JAILED AT LAST.

Nineteen-Year-Old Boy Says He is Crack Yegg.

Confesses to Robberies Here of About \$185,000.

Wanted at Georgia Prison to Complete Old Term.

Jim Stevens, aged 19 years, who confessed to the police yesterday to having robbed Los Angeles homes of more than \$185,000 in jewelry, furs and other valuables, will probably be sent back to the Georgia State prison at Milledgeville, Ga., from which he escaped when he was beginning a ten-year sentence for taking part in an \$85,000 robbery there, according to local police detectives last night. The police have received a telegraphic communication from the Georgia authorities, they said, which will result in the Georgia complaint having precedent.

Stevens confessed yesterday to Detective Vernard after having been subjected to the pressure of a police investigation daily for more than a week. Though several other burglars caught by the Los Angeles police have tried to annex the

sobriquet of "monkey bandit" and "monkey burglar," so named for a peculiar agility in mounting to the top of the police car, Stevens is the "real thing."

Stevens was arrested more than a week ago in a fashionable downtown hotel by Detective Vernard, who was then wearing a considerable quantity of jewelry and was driving an expensive automobile. Quizzed by the police after his arrest, Stevens refused to divulge any information until his confession yesterday. To whom he sold the loot he gathered in Los Angeles, Stevens would not say. The pawning of furs he is supposed to have stolen from the home of Mrs. Lucy Hausman, of 3805 West Twenty-seventh street, created suspicions which resulted in his arrest, the officers said.

The homes Stevens is charged with having burglarized in Los Angeles are numerous and the loot taken of high value. These were the homes of Mrs. Hausman, \$1200 in furs and clothing; James D. Hampton, 414 Occidental Boulevard, \$10,000 worth of jewelry; R. G. Tryon of 510 Commonwealth avenue, \$1600 worth of jewelry; C. H. Palmer of 1111 Vermont Place, \$1000 in money and clothing; Harry C. Keefe of 429 Lucrece Boulevard, \$12,000 in diamonds and \$10,000 in steel company stock; H. P. Taylor of 1681 West Adams street, more than \$10,000 in jewelry; M. A. Johnson of 4411 Victoria Place, Mrs. Belle Burke of 1607 Westmoreland Place, \$1000 in loot; W. H. Murphy of 2121 West Adams street, \$2500 in money and jewelry; W. W. Gray of 22 Berkeley square, \$18,000 in jewelry; and a hotel operated by Mrs. A. Montgomery on Broadway from which valuable furs were stolen.

Police detectives are endeavoring to locate the place where Stevens sold most of his loot. They believe it is in the northern part of the State.

LUMBER SHEDS BURN.

Hardwood Plant Swept by Early Fire Yesterday Morning.

Fire said by police and fire authorities to have originated from spontaneous combustion early yesterday morning swept through the sheds of the Johnson-Wilcox Hardwood Lumber Company and a nearby dwelling and barn, causing a loss estimated at about \$20,000.

G. C. Wilcox of 2149 West Twenty-first street declared that the fire had consumed at least \$20,000 worth of lumber, wax and other products of the establishment. Sprinkling from the lumber sheds, the flames caused \$600 damage to a dwelling at 1618 1/2 West Twentieth street and \$100 damage to a barn owned by W. D. Johnson.

Firemen answering two alarms found the flames rapidly spreading through the establishment when they arrived, and it was only after a persistent battle that the blaze was at last prevented from reaching out into the residential neighborhood.

Families aroused by the arrival of the fire apparatus crowded about the burning sheds, which illuminated the vicinity for more than half an hour. It was reported that the establishment was partially covered by insurance.

RABBI'S LIFE SAVED BY SON'S QUICK DASH.

Rabbi Mendel Hirsch, aged 55 years, was saved from a death by asphyxiation yesterday when his son, Nathan Hirsch, detecting the odor of escaping gas, plunged into a darkened room at 1612 Temple street and carried his father out into the open air. Rabbi Hirsch was later treated at the Treutlein Hospital where it was said he would recover.

JILTED GIRL IS IN POSTAL WEB.

Held as Writer of Improper Notes to Two Friends of Her Supplanter.

Miss Bernice Hartley, 1149 Mission Road, was before U. S. Commissioner Long yesterday on a complaint sworn to by Postoffice Inspector Cookson, charging her with sending a number of improper letters through the mails. She was held in a bond of \$500.

It is stated in connection with the case that she was to marry Charles Hartley, of Seattle, who changed his mind and wedded a daughter of Mrs. Matilda Elson of that place. The letters involved were sent to Misses Lillian and Lulu Warr, girl friends of the bride.

The homes Stevens is charged with having burglarized in Los Angeles are numerous and the loot taken of high value. These were the homes of Mrs. Hausman, \$1200 in furs and clothing; James D. Hampton, 414 Occidental Boulevard, \$10,000 worth of jewelry; R. G. Tryon of 510 Commonwealth avenue, \$1600 worth of jewelry; C. H. Palmer of 1111 Vermont Place, \$1000 in money and clothing; Harry C. Keefe of 429 Lucrece Boulevard, \$12,000 in diamonds and \$10,000 in steel company stock; H. P. Taylor of 1681 West Adams street, more than \$10,000 in jewelry; M. A. Johnson of 4411 Victoria Place, Mrs. Belle Burke of 1607 Westmoreland Place, \$1000 in loot; W. H. Murphy of 2121 West Adams street, \$2500 in money and jewelry; W. W. Gray of 22 Berkeley square, \$18,000 in jewelry; and a hotel operated by Mrs. A. Montgomery on Broadway from which valuable furs were stolen.

Police detectives are endeavoring to locate the place where Stevens sold most of his loot. They believe it is in the northern part of the State.

LUMBER SHEDS BURN.

Hardwood Plant Swept by Early Fire Yesterday Morning.

Fire said by police and fire authorities to have originated from spontaneous combustion early yesterday morning swept through the sheds of the Johnson-Wilcox Hardwood Lumber Company and a nearby dwelling and barn, causing a loss estimated at about \$20,000.

G. C. Wilcox of 2149 West Twenty-first street declared that the fire had consumed at least \$20,000 worth of lumber, wax and other products of the establishment. Sprinkling from the lumber sheds, the flames caused \$600 damage to a dwelling at 1618 1/2 West Twentieth street and \$100 damage to a barn owned by W. D. Johnson.

Firemen answering two alarms found the flames rapidly spreading through the establishment when they arrived, and it was only after a persistent battle that the blaze was at last prevented from reaching out into the residential neighborhood.

Families aroused by the arrival of the fire apparatus crowded about the burning sheds, which illuminated the vicinity for more than half an hour. It was reported that the establishment was partially covered by insurance.

SAFE AND BANE.
The Republican Protective League has introduced the nomination of Harding and they could do it without sweating a hair or starting a riot, at that.

NO SMOKE FOR WOMEN.
The Federation of Women's Clubs has gone on record as opposed to cigarettes for women. The beacon light of civilization is hoisted forward another lap or two.

CARELESS.
Some of the Democratic delegates themselves declare that it would be suicide to nominate Wilson for a third term. However, the Democratic party has never hesitated at suicide.

EXPERT EVIDENCE.
Senator Boies Penrose says that the Democratic gathering is a thoroughly honest convention and any man will tell you that Boies knows what a honest convention looks like.

OPPOSITE BONES.
The Florida department of the American Legion voted two to one against any form of a cash bonus from the government. There are other departments of like mind. It is all in the way they get started off.

COME FROM AFAR.
Alaska and the Philippines send women delegates to the San Francisco convention. The ladies at the old corners of our beloved country take to politics as readily as do those who picket the nation's capital.

SPORTING NOTE.
A man is suing for money lost in poker games played at Whittier. It was supposed that checkers was the favorite indoor sport of Whittier. Never suspected that the young folks had reached the stage of holding hands.

NOTHING BUT THE TRUTH.
If the government is going to insist that people who sell oil stock tell only the truth it is going to put some of our most fluent conversationalists out of business. But how about the administration officials who said they were reducing prices?

A PRACTICAL IDEALIST.
In honoring Herbert Hoover Dartmouth College officially designated him as the eloquent exemplar of a great nation's better self and the exponent to stricken peoples of its practical idealism. He is all that and more. Everybody recognizes the idea that he is the man who hatched America's idealism to a dream and started it working.

A REGULAR FELLOW.
As a ruler of the sea Secretary Daniels appears to be a cordial person whom most men are delighted to meet and who carries with him an atmosphere of fellowship. He is a man who would not argue. He is a man who would not quarrel. Of course, he is a Democrat, but he can't help that—he was born so. And he is glad that America gives country editors opportunity to come into his own.

THE WOMAN OF IT.
Jeanette Rankin, who rather failed to do justice to her sex as the first woman in Congress, was defeated for the nomination for Lieutenant-Governor by the Nonpartisan League in Montana. She was defeated for the Senate on the National party ticket two years ago. Like other single women heard from time to time, Miss Rankin is not overly particular what party she belongs to as long as it is a good provider.

THE DODGERS.
The Tammany boss, Charles F. Murphy, is under indictment at New York for alleged conspiracy in connection with an attempt to make fraudulent returns of the income tax of a corporation in which he was a leading stockholder and director. Can it be possible that this is the mailed fist of our noble Executive, against whom Murphy has had the temerity to raise his voice? Not necessarily; but it shows that so much, not even a Tammany politician, can be above suspicion of a desire to dodge or evade the income tax.

ALIMONY AND FINANCE.
When the second husband of the divorced wife sues the second widow of the deceased first husband for the first wife for back alimony alleged to be due from the deceased first husband as divorcee from the first wife who are getting into the domain of high finance. The claim of a second husband for alimony due the wife from the estate of a first husband doesn't sound like good collateral, anyhow. Seems as if there was too much of this alimony stuff in the courts. It takes a lot of high-priced officials to keep track of it.

HUNTING FOR WORKS.
The Friends of Irish Freedom and the Sinn Féin both have high-priced lobbyists following up the American political conventions merely to secure the passage of a set of resolutions that cannot possibly secure anything and on the wording of which they themselves are not even able to agree. It would seem that settling for Irish independence was a nice little business of itself. It would be a horrible thing for some of the agitators if they really got to work, republic. They might have to go to work.

WOMEN AT THE CONVENTION.

With at least 200 women participating in the Democratic convention at San Francisco, with the League of Women Voters very much alive and kicking and with a plethora of dames from the nonaffiliated States, showing a pleasant disposition to "trust the men to give the women all we want," it is going to be distinctly a lively week among the fair sex.

The League of Women Voters, influential women of both parties, are on the job. They have a deplorable platform embracing protection of women in industry, child welfare, social hygiene, election reforms, unification of laws for women and independent citizenship for women. They are also emphasizing the need for political education for women and easy to get women appointed to many important positions. Pretty nearly all the women delegates subscribe heartily to this platform, but there is merry controversy as to ways and means. While there are not many women delegates, there are a great many women alternates—Massachusetts, for instance, has appointed all women alternates. Miss Mary Fay, head of the California Women's Democratic Bureau, appointed by leaders Dockweiler and Mrs. Forre Parker are the Los Angeles women delegates, alternates being Mrs. Marie Larkey, alternate for Lauren Handley, Mrs. Claire Coombes and Miss Ruth Stier.

At the League of Women Voters conference on Wednesday the three representatives on their way to the convention—Miss Mary Fay of California, Mrs. Forre Parker of Indiana, and Mrs. Gifford Pinchot of New York—gave promises of much hustling to come. Just one question from the floor and one answer is significant of the league's attitude.

"Why cannot you make New Jersey ratify the suffrage amendment?" Mrs. Edwards was asked.

"There is one high school in the State of New Jersey, and the Legislature's political boss is a prize fighter. Does that answer your question?" was the reply received with derisive cheers.

There is quite obviously no disposition on the part of the league supporters to "leave things to the men," as is the marked propensity on the part of the nonaffiliated States' delegates. The league's spokesmen told the conference that they had succeeded in getting about half their platform from the Republicans, and they expected to do better than that with the Democrats. Wherefore the Democrats, who already had ample troubles of their own, are surely going to find the feminine element at the convention disconcerting. The local Democrats held a private caucus a few days ago to which none of the women was invited.

"This," say the ladies, "lets us out; they can scarcely ask for our support after that." There is already a marked disposition to nominate a woman for Vice-President. Mrs. Annette A. Adams, Assistant Attorney-General, has already been suggested. But here in California Miss Mary Fay's claims to the distinction are strong. Southern California is for her to a woman, and San Francisco feels particularly kindly towards her, their newspapers giving her credit for securing the convention for San Francisco. If it is feasible to elect a woman Vice-President we certainly favor Miss Fay over any other.

She has a fine mind, a decisive logical streak of masculinity, but is graceful and feminine and could be trusted to do the women's credit. Mrs. Forre Parker was overheard sounding views on the subject at the League of Women Voters' conference with evident success.

Mrs. Marie Larkey, herself a prominent educationalist, stands strong for the establishment of an educational bureau with a woman appointed to a responsible position thereon. "This also is plank in the league's platform and one which the nonaffiliated State women delegates think should be left to the wisdom and sagacity of the men. But the women supporting the league are obviously distrustful of the men and have no faith whatever in the ultimate discretion of the masculine element of the Democratic party. There is not the slightest disposition on their part to forget that 'men were deceivers ever,' and they are augmenting their slighting with considerable constructive advice: Whether the Democrats will finally mollify the ladies as successfully as the Republicans—by conceding an encouraging medium of their demands—is highly doubtful, owing to the greater division of ideals as to method among the women themselves. Actually the Democrats say that their large contingent of trustful lady delegates, soothing them into recklessness, may prove their undoing in the election. For it may as well be admitted that the League of Women Voters, comprising as it does so many prominent women in both parties, standing together so many issues, is a new and puzzling element in politics, which the managers have not yet learned to manage.

The women's bureau at San Francisco will have its headquarters at the Palace hotel, where for the next ten days high politics will be the warm indoor sport. The women are mostly novices in the game, but make up in enthusiasm and determination what they lack in experience. And with the unprying of adamant authority to blow the whistle when the rules are broken, a good deal of chaos can be confidently predicted. But most of the ladies know which goal they are kicking for. If they don't like the rules they will probably rewrite them on the spot. Rules were made for women, not the women for rules.

PETTYCOAT PREFERENCES.
The women politicians seem to have better luck with the Wilson administration than have mere men. The trouble is that when Reed or Borah or some other trusted statesman raises his voice the President knows he knows so much more that he can hardly spare the courtesy of a hearing. But Mr. Wilson is sufficiently chivalrous to accord attention to the women at almost any time, and when they do happen to present good argument he is ready to be convinced—that is, he'll make them believe he thought of it first and had it on his program. Therefore the President is getting considerable credit for the strenuous efforts being made to at once line up the Tennessee Legislature in special session to complete the ratification of the suffrage amendment so that the women in all States will be able to vote in November. The President is agreeable to pettycoat government—with him designing the skirts.

A Boston man reports that good print paper can be made from alfalfa, but we don't see how that is going to help any. It can also be made from two-dollar bills.

SIGNS OF THE TIMES.

The air is filled with signs and portents of declining prices. Unless the experts, who have been digging into the mathematics of the case, have their deductions on askew we are in for a period of cheaper clothing, cheaper shoes, cheaper cotton goods and cheaper wool. Such a condition will be, in the nature of things, preceded by a closely followed by corresponding declines in semi-necessities or luxuries.

The Brooklyn Daily Eagle has made a survey of the economic conditions in New England, where so many of the necessary commodities of life are manufactured, and while the conditions outlined as prevailing on the Atlantic seaboard do not yet obtain on this side of the continent, it can only be a short time before they are felt here in the retail markets.

The Eagle finds that price readjustment is more fundamental than the mere marking down of prices and that already considerable headway has been made in reducing the cost of wool and leather commodities. The country has an overabundance of wool and this will soon find reflection in lowered prices.

One of the most encouraging signs is the fact that much of the labor released from factories through reduction of working time is finding outlet on the farms where it is sorely needed and where the absorption point is high.

Cancellations of shoe orders have been heavy, and bargain sales of unsold stock are a feature of nearly every eastern city. Manufacturers have opened temporary retail stores, and the bargain hunter is in clover. Permanent reductions in prices have been announced by some and others are figuring on how soon they can follow suit. The manufacturers seem to be agreed that high-priced shoes of special designs are going to be hard to sell.

From Rhode Island comes the word that cotton-mill orders have decreased and that the manufacturers have decided they must wait for the consumer to wear out his clothes. The raw-material market is shot full of holes; high-priced goods are cheaper. The jewelry trade reports a great falling off in orders, and bankers see the labor security cases and the workers doing more efficient work.

This is just what The Times has said would happen. It was bound to happen, and while it is tough on the manufacturer, he still has a peak year with which to console himself in retrospect while the consumer catches up and resumes speaking acquaintance with his pocketbook.

Here in Los Angeles the goose of the golden egg is dying hard. Because of the uncertainties of transportation and the tremendous demand for commodities of all kinds heavy stocks were purchased earlier in the year at whatever price the merchant was forced to pay in order to get the goods. Many of these goods are still on the shelves and no very great enthusiasm is to be expected over lower prices until they have been received. However, the increasing reluctance of the banks to extend credit on the old basis will have its effect, and the movement towards a new and lower level which has already attained considerable headway in the East will find its inevitable reaction here; for, after all, the whole matter comes back to the basic and unchangeable law of supply and demand.

Readjustment of labor, and in a measure of transportation, will follow as these two elements are the most important factors in the coming decline. The public is registering a revulsion against high prices, which has led to initial cutting. Bradstreet's index for May showed an average decline of 4.1 per cent in wholesale prices.

When lessened demand and more rational buying restore trade equilibrium we will find, first of all, increased efficiency on the part of the worker. The Wall Street Journal says:

"High wages and lessened efficiency still support high prices. There are as many workmen in the country today as there were a year ago or two years ago. But their output is not so great and their wages much higher. Production costs are therefore increased. Strikes, holidays, vacations and diminished output per man all add to the price of goods, and hold up the price level. Labor inefficiency and sabotage are to be found in the transportation question, affecting distribution and hindering an orderly reduction of prices that now should be plainly manifesting itself."

Lower prices are certain. They are in a measure already here. The fore-runners are to be found daily in the newspaper advertising columns. The only doubt goes to the length of the transition period. It will take time to readjust production, labor, distribution and finally prices, but there is no question that we have entered this period.

In connection with the decline a small party of professional pessimists are urging government control by fixing a minimum instead of a maximum price. For the love of Pete, let business alone! There has been too much price-fixing. The government must hope for better control on a free market and the thought of what it would do on a declining tide is positively horrible. The Times has said before, and repeats now, there will be no panic. The situation is well in hand. Credits are being gradually deflated, and as the air goes out business is solidifying on a permanent basis that is to carry us through a long period of well-founded, cumulative, progressive prosperity.

Senator Harding is a splendid orator. Here is a paragraph from his memorial address on President McKinley, delivered before the Ohio Legislature on Jan. 29, 1902:

"It is in the crowning wreaths of immortality, there is a separate bloom for every noble achievement, then the angel of the hour will place on William McKinley's brow the richest garland that has blossomed there. Great in life, he was heroic in face of the eternal, and looked calmly out on the sea of the great unknown. Face to face with a fate so bitter that it wrung the hearts of all civilization, he was the Christian martyr who yielded the spark of a great manly heart to light the beacon fires that point the way to a life eternal."

Senator Harding is a smasher of precedents himself. In 1901 he was elected without opposition to the Ohio Senate from the Thirteenth District, for a second term, the first time in the history of the district that a member had been so honored. The district was then composed of Logan, Union, Marion and Hardin counties. He will smash another precedent in going direct from the Senate to the Presidency.

AROUND TOWN.

NOT THE FARMERS ONLY.
"One of the difficulties about this farm," remarked Farmer Cornstossel, with a shade of asperity, "is too much intellect. There are too many glib minds and not enough plain, plodding persons."

"In that what you were talking about with your boy Josh and the three hired men?"

"No. I just thought of it. Every day we've put in about four good workin' hours discussin' the problems of these critical times, leavin' the horses standin' in the furrows with the lines over their necks. And the funny part is that we invariably reach the profound conclusion that what this country needs is to speed up production."

Comparative Figures.
William M. Thayer, who wrote in 1880 a book dedicated to the young business men of the country, gives an interesting side-light on the price of things some forty years ago. He cites the case of a young mechanic who each day went into a beer saloon and paid "ten cents for two glasses."

The young man felt that he was paying too much, and upon figuring it out found that his beer money at sixty cents a week amounted to \$31.50 a year, a sum for which he could buy two barrels of flour, 100 pounds of sugar, five pounds of tea and six bushels of potatoes. —[H. E. Johnston in Philadelphia Ledger.]

Evidently He Was.
Then there was the Irishman who saw in a bookstore window, "Dickens" works all this week for \$4.30.

"The dirty scab!" said he.—[American News Trade Journal.]

HUNTING TROUBLE.

BY EUGENE BROWN.

SAN FRANCISCO, June 25.—The Democrats will make their nomination on the Fourth of July and the nominee will be a Mr. John W. Davis, of Virginia, who happens to be our present Ambassador to Lloyd George.

I got this straight from Speed Casey, the venerable bell hop at the Bellevue, who was in the elevator with Mrs. Vera A. the great psychologue. The result will be an incident in which psychology and necessity will amably blend.

This seems characteristic of Mrs. Vera herself. She psychos that she needs the money.

As for Casey, he is quite a politician. He has had his ear to the ground for many years and has overheard many a confidence. In fact, he is a middling good confidence man himself. He doesn't waste his ear at the keyhole of Tammany.

He says his best about all the Tammany delegates do is to ring for ice water and inquire for the next bootlegger. They have never been in on a winner yet. Mostly Charlie Murphy plays a game of solitaire to decide the way to vote and the rest of them wait for the word.

But Casey and the madam have figured it out by this process: The Fourth of July comes on Sunday. By Saturday night the delegates will be broke and they will be holding an evening session to save making explanations to the landlord. Furthermore, while they are balloting they are not eating high-priced food. So along about 3 o'clock on a Sunday morning the delegates will still be at it. A drowsy delegate from Mississippi will hear the secretary of the convention talking back: "Seven for Davis," and he will raise his foot about him.

"The Solid South casts 237 votes for Davis."

Then the explosion will come off. Even Tammany will get in the hot water.

The funny part of it will be that the man from Mississippi will all the time be thinking he is voting for Jeff Davis.

But this particular Davis is not a bad sort of scout. He is a fine-looking and is one of the ablest counselors that the Democrats have ever had. He is a round-up man. He and Elihu Root would make a good team to specialize in our international law. Davis is a southern gentleman, very polite and courteous. He was never pitched for speediness; he has no entangling political alliances or active enemies and has no scandalous past to arise and bite him in the back.

Casey and Mrs. Vera have some method in their madness.

They are saying that Homer Cummings turns out at 5 in the morning to practice his keynote speech where the sea lions used to be. If he can charm the lions back it should bring all the Democrats under one banner of blissful harmony. But Bryan, who is slowly recovering from the effects of being a boy orator, now looks down upon Homer as being an infant prodigy—and you know how people are expected to behave in the presence of one of these child wonders. They are supposed to be bored to death and trying hard to nod.

It will be a great disappointment to the correspondents if Bryan be elected. Of course, a fight with Bryan merely means the spilling of a few thousand warmed-up words, but if he should neglect to spill by the second day this convention might turn out to be as peaceful as the hour of silent prayer in the Old Ladies' Home. Everybody seems to depend upon the Nebraska to start the disturbance. It is quite responsible to place upon one man.

And yet there are some who say that Bryan doesn't count.

Take Edwards, for instance. The press agent said that the Governor of New Jersey was going to invade the convention hall in person. He would take that obnoxious Eighteenth Amendment by the throat, skin it alive and nail his bloody pelt to the door of the auditorium. That's the sort of a wild blade he set out to be.

And now they tell us that Gov. Edwards is not coming at all. The business of ruling New Jersey is of more moment than the tragedies of prohibition.

Then it was reported that a lot of husky and massive delegates from New York and New England would stand up on their hind legs and tell Woodrow Wilson exactly what they thought of a man who set himself up to be the dictator of both his country and his party. The first of these indomitable spirits to arrive here was suffering from bronchial trouble and they are all under the care of throat specialists. They can hardly speak above a whisper. The one who was going to have the Freeman's press made into muffs now wants to arrange to take Margaret Wilson to the movies some, quiet evening during convention week. The President's daughter is to be here to see how wild men have after they have been thoroughly tamed.

Before we get through this belated gathering may resolve itself into a mere matter of Senator Phelan and Gavin McNamara pouring tea for a swarm of amiable Democrats who have come here from the East to hang around in our soothing and soporific climate.

You never can tell.

The young man on the train, observing that the handsome girl across the aisle was looking at him very intently, thought he had made an impression and in a few moments he changed his seat to the vacant one beside her.

"Haven't we met before somewhere?" he ventured to ask.

"Well, I'm not quite sure," she replied, "but I think you are the man I saw hanging around the night our automobile was stolen."

The young man vanished into the smoking car, amid the snickers of those who had overheard them.

(LOCAL CORRESPONDENCE.)

PASADENA, June 25.—Two Presidential booms clashed today in the dining-room of the Hotel Maryland when a special train party of New Jersey delegates and adherents, boosting Gov. Edwards, and a special train party of Ohioans, boosting Gov. Cox, had lunch. There were no casualties.

James H. Nugent, head of the New Jersey delegation, and its members, who are expected to meet at the convention, said he was going to ask the committee to insert a plank favoring liberalization of the Volstead prohibition law. The Edwards delegation is frankly pro-west, Congressman M. R. Denver, of Ohio and other Cox supporters said they did not think the wet and dry question would be as much an issue at San Francisco as it was here.

Both the New Jersey and Ohio men said that W. J. Bryan's influence would be of little weight at the convention.

The New Jersey delegation, which arrived here from Riverside, visited Hollywood studios this afternoon, and left later in their special for San Francisco.

CHIEF PETTY OFFICER IS VICTIM OF HOLDUP.

SAILORS AND WOMAN CONFISCATE BEAT AND ROBBED MAN ON LONELY ROAD.

(EXCLUSIVE DISPATCH.)

LONG BEACH, June 25.—Local police this afternoon unearthed valuable clues that are expected to lead to the identity and arrest of the three sailors and a young woman, who early today assaulted and robbed E. E. Marsh, chief petty officer, stationed at the submarine base at San Pedro. The naval officer was beaten into insensibility, robbed of a check for \$2000, \$20 in cash and a valuable gold watch, a gift from his mother. The attack occurred on a road back of Signal Hill, bleeding from a deep gash on his right and a severe cut on the side of his head, wounds from two blows that twice knocked him unconscious.

The police station by a passing motorist, Marsh said that yesterday he negotiated a realty deal at El Monte, his home and had in his possession a \$2000 check, payment on which has now been stopped, in addition to \$20 in money and his watch. He said he was approached on the right side of the road by a woman who offered to show him the sights for \$15. He refused, he said, and shortly afterward was walking up the steps of Cedar Way, when he was halted by two sailors in a big touring car and asked if he wanted a ride to the beach. As they were bound in that direction.

Marsh accepted the invitation, he told the police, and had only gone about a block when the woman who had approached him earlier in the evening, in company with a sailor, also got in the car, apparently friends of the girls driving the machine.

"You don't mind if we take a little roundabout way to San Pedro, do you?" inquired the driver of the car, addressing the naval officer.

Marsh replied that he did not, as he had plenty of time. The party then drove out Ocean avenue to Cherry, out Cherry avenue, over Signal Hill, to the old dirt road leading to Los Alamitos. It was when the driver turned to the right off Cherry Boulevard, on the road to the best factory in just the opposite direction from San Pedro, that Marsh began to feel that all was not well. The machine stopped near the old well on the Alamitos road, just a few yards of where Nina Lee DeLong was murdered by Bluebeard Watson, early this year. Just as the engine was cut off the naval officer reports that he felt a stunning blow on the side of the head. When he came to he said he found two of the men searching his pockets. He made an effort to get up, he said, and was given a second blow, this time in the face and was knocked unconscious again.

The officer said that when he came to the second time, he was lying alongside the road. Weak from the loss of blood, he pleaded "two miles over the rough dirt thoroughfare, to Cherry Boulevard, where he hailed a passing motorist, and was brought in to the police station.

Prominent Californians to Aid at San Gabriel Lawn Fete.

(LOCAL CORRESPONDENCE.)

ALHAMBRA, June 24.—John Steven McGroarty, author of the "Mission Play," and an authority on Southern California, will open the garden fete for the Children's Hospital today. Mr. McGroarty is intensely interested in the hospital. One feature which will perhaps prove a drawing card to many housewives who have been urged to shop for Sunday at the fete, is the San Gabriel country store. This is in charge of a group of charming San Gabriel matrons, who will dispense their wares in white gowns and bright-colored sunbonnets.

A famous Mexican cook has been secured to prepare the tamales which will be served at the store and San Gabriel Valley has been secured to secure the best of its products. Those in charge of the store are Mrs. Fred Richardson, chairman; Mrs. J. P. Lawton, Mrs. Donald Erwin, Mrs. Russell Richardson, Mrs. Banks, Mrs. Frano O. Wood and Dr. Ruth Purcell.

STORY WITH A PUNCH!

CREATES A NEW ZONE DISTRICT.

City Council Acts as Court Storm Nears Birth.

Widney Prepares to Prosecute Builder of Stores.

Will be Signal for Attack on City Ordinance.

An addition to residence zone No. 1, by adding to the present district Alvarado street, between Tenth and Eleventh streets, was created yesterday by the City Council. In addition to restricting the additional zone territory to residences and apartment-houses and preventing the operation of business establishments, as grocery, provision, drug and similar stores supplying the household needs of a residence district, the ordinance adopted yesterday specifically prevents the operation of public houses inside of the zone.

City Prosecutor Widney stated yesterday that he is gathering complete data preparatory to arresting and bringing into court Dr. A. G. Tibbits, the building of one-story stores now being erected at Sixth and Berendo streets. The store buildings are being built inside of residence zone No. 1, and after July 1 amendments to the zoning ordinance will become effective and the City Prosecutor will be able then to proceed with the prosecution of the builders of the store buildings.

This will bring into the courts the entire zoning legislation of the city, which Attorney Milton M. Cohen, of Dominguez, Dehm and Cohen, representing Wilshire district property owners, contends is unconstitutional and illegal.

If Dr. Tibbits of the Berendo-street store property is held to be within his rights then the decision will in effect render null and void all of the zoning legislation passed by the city recently, particularly the ordinance which permits business establishments now inside of zones to operate undisturbed by new competition until 1925.

MORE WOE FOR "WETS."

Arrest Three Suspected Members of Bourbon Liquor-Running Gang.

Joseph T. DeFusse, Jesus Pasola and Natividad Duran, charged with bringing a quantity of whiskey across the Mexican boundary without declaring it and paying the tax as is provided by the customs law, were brought from El Centro yesterday by Deputy U. S. Marshal Walton and lodged in the County Jail.

The trio were taken from the gang arrested some days ago with a lot of liquor in their possession that it was stated by district officers was to be taken to the Democratic National Convention in San Francisco to "wet the whistle" of the delegates. Two members of the gang have already pleaded guilty and been fined.

"I OWE MUCH TO IT," HE SAYS

Richard Gates States Tanlac Restored His Health.

Praises It For Ending 25 Years' Trouble.

Has Gained Twenty Pounds in Weight.

"I feel that I owe much to Tanlac," said Richard H. Gates, of 1758 Greenwich St., San Francisco, the other day, "and I am more than glad to tell about it. I have suffered for 25 years from indigestion, and it seems to me that in my efforts to get relief I tried every kind of medicine you could mention, but always with disappointing results. I have not more real benefit from Tanlac than I ever expected to get from any medicine. For four years I went without eating meat, for I knew so well the suffering that would follow if I ate it. What I did eat scoured on my stomach and I suffered constantly from gas and from burning sensations in the pit of my stomach. My nerves were so shattered I couldn't sleep at night and during the day I went about with a weak, drowsy and drabby feeling all the time."

"I started taking Tanlac eight months ago and commenced to feel better and to pick up in weight and in strength almost from the start. I now have a fine appetite and can eat anything I please and never have any feeling of distress from it. Not only have I gained twenty pounds in weight, but I don't hesitate to say that I am stronger and in better shape physically than I have been for years. You can put it down for a settled fact that my wife and I will never lose an opportunity to speak a good word for Tanlac."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Stores.—Advertisement.

"BIG HUTCH" FIGHTS.

Bunko Suspect Battles Against Tradition from New York.

Every effort is being made by Everett A. Hutchings, known to the police as "Big Hutch," to avoid extradition to this State for trial, according to a telegram received yesterday by Dist. Atty. Woolwine from Deputy Van Cott, who is in New York, endeavoring to have the extradition proceedings put through. Mr. Van Cott said that Hutchings surrendered himself after gaining his liberty on bail; that the case was taken to the New York Supreme Court and the defendant was released on a writ of habeas corpus, but later bail was fixed at \$25,000. Hutchings is now at liberty, but a search is being made for him by Detective McLaren of this city.

Hutchings was indicted on a charge of defrauding J. R. Norris, a farmer, out of \$5,000 in a fake stock deal.

ANOTHER TALK ON PAY.

School Superintendent Will Address High School Teachers Today.

Members of the High School Teachers' Association will hold an annual meeting this afternoon at 3 o'clock at the auditorium of the Polytechnic High School to consider the teachers' salary question. Superintendent of Schools Dorsey will make an address, and will be ready to answer questions.

It is intimated that the high school teachers will endeavor to have their own salaries advanced, even though the pay of the teachers in the grades cannot be increased until the tax law is changed. There is no bar to an increase in high school salaries except the announced unwillingness of the Board of Education to create too wide a discrepancy in the scales of high and grade school teachers.

WOMAN IS KILLED BY CAR.

Disregarding or not hearing or noticing wigwag signals and the whistle of an interurban car, Mrs. Elizabeth J. Neal, 75 years of age, stepped in front of a San Bernardino coach of the Pacific Electric railway at the Lincoln-avenue crossing, La Verne, yesterday morning, and was killed almost instantly. Motorcar Evans threw on the emergency air stop when he saw the woman kept walking steadily ahead, but the action was too late to save her.

Mrs. Neal was born in Vermont and had been in California eight years. She had lived in La Verne only a month, going there from Ontario, and made her home with her son, W. T. Green. She started yesterday morning to walk to Pomona, where she expected to take a bus for Los Angeles, as she was to spend the week-end with friends here.

An inquest will be held at the Todd & Patterson funeral chapel, Pomona, Monday, at 10 a.m., and the funeral service will be held Tuesday morning at 10 o'clock. Burial will be in Evergreen Cemetery, La Verne.

DENTIST MUST PAY.

Woman Cinema Director Gets Damages for Injury from Operation.

Judge Wellborn yesterday gave a judgment of \$2000 in favor of Mrs. Lura N. Hopkins, a cinema director, and against Dr. Lewis C. Heller, a dentist, for injuries she asserts she received during an operation. She charged her face had become paralyzed. Damages were asked in the sum of \$7253.58. Dr. Hopkins denied the charge of negligence.

MUST NOT STRIKE BOY.

Judge Gives Mother Custody During Suit; Advises Kindness.

In giving the custody of her child, Major Whittingham, Jr., 14 years old, to Mrs. Edith Whittingham, during the trial of the contested annulment suit yesterday, Judge Crali stated: "I instruct her to try raising him on kindness. If she strikes him the child will be taken from her. He may not do things just right, but it is not wickedness. Children need to be taught."

Neighbors testified he was a very unruly child. The court continued the trial to give Attorney George Beebe an opportunity to argue the question of dividing the community property. Major Whittingham is defending the annulment suit.

HOLLYWOOD IS LAUNCHED.

Welcoming whistles shrieked when the 3600-ton cargo steamer Hollywood, last of eighteen steamers built by the Southwestern Shipbuilding Company for the Emergency Fleet Corporation, slid down the ways at the Harbor at 2:30 p.m. yesterday.

Miss Marion Holmes of Los Angeles broke a bottle of champagne over the bows as the vessel, her decks strewn with flowers and American flags flying from every masthead and vantage point, gracefully entered the water. An enthusiastic crowd witnessed the launching. Occupying places of honor were a large delegation of Hollywood people and the shipyard workers and their families. Several hundred members of the Friday Morning Club, who visited the harbor district yesterday, also saw the launching. While the craft bears the name of the section of this city famous for its motion-picture industry, the steamer was named for David Hollywood, the late superintendent of the Southwestern Shipbuilding Company.

NEW YORK STOCK EXCHANGE

[BY A. P. NIGHT WIRE.]

NEW YORK, June 25.—Business on the stock exchange today registered almost the lowest level of seasonal dullness, transactions for the full five hours scarcely approximating 275,000 shares.

The movement of prices, while firm to strong in the main, reflected this stagnant condition. The usual market favorites advanced and receded within a radius of one to three points, fractional gains ruling at the close.

Almost the only stocks to manifest consistent heaviness were the metals, that group evidently laboring under the disadvantages resulting from yesterday's cut in the inspiration Copper dividend. Low-priced oils also lost ground for a time, but rallied in the general upturn of the last hour.

So far as bonds participated in the day's trading, their efforts were again chiefly directed toward steel, equipment, oils and chemicals.

Secondary rails, especially St. Paul preferred, Missouri Pacific preferred, Rock Island, Western Pacific, New York Central and New Haven, also responded to moderate buying.

Developments directly affecting the stock market were regarded as more reassuring. Call money held between 9 and 11 per cent, compared with yesterday's maximum, 14 per cent.

Gold import rumors assumed more definite form in the prospective receipt of a small consignment of the metal from London.

In the bond market foreign issues were again the only feature, Anglo-French financing hands in large blocks up to the new high of 99 1/2. Liberty Bonds and most Government issues yielded slightly to total sales, par value, \$11,850,000. Old United States bonds were unchanged on call.

THOUSAND VIEW
GOSPEL DRAMA.Preliminary Performance of
Pilgrimage Play Given.City's Ministers, Officials and
Others Are Guests.Ten-Week Run of Production
to Start Next Monday.

The world's greatest drama and most sublime tragedy, the life and death of Jesus Christ, were visualized last night when more than 1000 ministers of the gospel, State, county and city officials, members of the Los Angeles Fiesta Committee, newspaper people and others were guests at a preview of the National Pilgrimage Play, staged in a natural amphitheater in El Camino Real Canyon, Hollywood. The play is to be presented at the same place for ten weeks, beginning next Monday night.

D'ALERIA WINS A POINT.

Judge Shenk yesterday sustained the demurrer of Count Armand d'Aleria to the amended complaint or Kate I. d'Aleria on the ground that the charge of misconduct with Lillian Carara in San Diego on the 15th inst., should be set up as supplementary matter. Mrs. d'Aleria commenced her suit for divorce in May, which was prior to the so-called act in San Diego.

Invited guests last night included the Governor and Mrs. Stephens, Mayor and Mrs. Burdett, members of the City Council and the Board of Supervisors and their wives, ministers of all denominations and their wives and a number of distinguished visitors to the city.

The Pilgrimage Play, a prologue, two acts and an epilogue, presents the prophetic of the coming of Christ, many episodes of His life, and the Crucifixion. His death and the Resurrection.

The dialogue is in the exact language of the Scriptures; all the resources of art have been brought to bear to secure correct costumes and setting; the elaborate electrical effects were found last night to have overcome that greatest of difficulties.

The court modified the restraining order against the defendant, to permit him to get his personal effects at the "Rivers" Brothers' ranch, where he was staying. The automobile, which both husband and wife claim, is still tied up by the injunction.

Attorney James for the defendant asserted it was necessary to get the car and sell it in order to release his client from the San Diego jail.

In open-air productions—proper lighting. To the majesty and simplicity of the play, as enacted by Henry Herbert in the role of Christ, Rossmore, as the Mother Mary, and a capable cast of about 300 players, much was added by the striking and individual music of Rudyard, which was sung by a large choir and played by an excellent orchestra and on a pipe organ specially installed in the canyon theater. The action proceeded on about a score of stages built into the hill setting. The lights have been so arranged that only the stages in use are visible to the audience at any one time.

The play was written principally by Mrs. W. Burke Stevenson, the chief promoter of the enterprise. Its production is sponsored by a national committee of distinguished personnel.

the East.

E. B. McCormick, who was recently arrested in Kansas City, after an indictment by the county grand jury on a charge of stealing two carloads of potatoes, valued at \$1500 from the Crown City Storage Company, of Pasadena, yesterday surrendered himself to Constable Thomas.

In Kansas City he furnished bail and then traveled to this city to give himself up. When he surrendered himself word was sent East to exonerate the bail there and McCormick furnished \$2500 bail required here.

FILED ABANDONMENT ACTION. Dist. Atty. Woolwine yesterday filed a suit to abate a nuisance at the house at 2434 La Salle avenue. The defendants are Tommy Charles and Frankie Dago and Luther Lack and Mrs. M. Wright.

Notable Program Completed for Mandate
Celebration by Los Angeles Jews.

Final preparations were completed yesterday for the great Jewish celebration to be held Sunday to commemorate the acceptance by Great Britain of the mandate for Palestine. Rabbi Moses Rosenthal, secretary, estimates at least 15,000 persons will march and, in addition, there will be a lengthy automobile division.

The celebration committee says the affair will be a demonstration of Jewish unity, as well as an offering of gratitude. The official expect it to be the most notable event in the history of the Jewish community of Los Angeles. They are gratified at receiving news of the confirmation of the appointment of Rt. Hon. Herbert Samuel as chief commissioner and chief of the Jewish Agency in Palestine. He has held important governmental offices in Great Britain and is a brother of Sir Stuart Samuel, a cousin of Lord Bessborough and a relative of Edward S. Montague, all loyal and conforming Jews.

TWOFOLD NATURE. The celebration will be of a twofold nature—parade and public exercises. The parade will be composed of two sections, marching and automobile divisions. The latter will assemble in the square around the Courthouse on Broadway and will start at 1:30 p.m. as follows: Mounted escort of ex-service men in uniform, mandate celebration committee, spiritual leaders of Jewish community, executive committee, Zionist district of Los Angeles; floats and decorated machines, machines from neighboring towns, all other machines by organization unit. J. Zelnitsky will be the marshal of the section.

The line of march will be from the Courthouse south on Broadway to Ninth street, west on Ninth to Figueroa and south on Figueroa to Jefferson. At that point the auto section will join the marching division and thence the parade will move at 4 o'clock, as follows: 1.—Mounted escort, ex-service men in uniform, in charge of Harry Friedman; complete band of Liberty Club ex-service men; 2.—Marching division, in charge of Marshal Charles Isenstein; service and ex-service men, commanded by Sidney Superman; spiritual leaders of Jewish community; 3.—Women's organizations and children's division; form on Jefferson street, west of Figueroa.

4.—Congregations, fraternal organizations, institutions and unit of unaffiliated participants; form on Jefferson street, east of Figueroa street.

5.—Automobile section, led by floats and decorated machines.

AT EXPOSITION PARK. The parade will move south on Figueroa street to Exposition Park where public exercises will start at 3 p.m. at the bandstand. Some of the features will be the following: Ceremony of raising American and Jewish flags; children's chorus of 1000 voices, led by Cantor Wainstock; children's orchestra, directed by Miss Sylvia Hurwitz; historical tableaux; Mayor's and Governor's greetings; British Consul's message through Mr. H. Gearing; musical program by H. Schoff and Miss Nadia Platnova of Petrograd Opera Company; greeting by Mrs. Moses Rosenthal, "To Palestine, O Israel."

The exercises will be presided over by Rabbi Isidore Myers. Address will be delivered by Dr. L. G. Reynolds, chairman of the Celebration Committee; Rabbi Moses Rosenthal, secretary; Justice Erskine Ross of the United States Circuit Court of Appeals; Marco R. Newman, and others. There will also be a concert by the Liberty Band. The celebration will be attended by county, city and State officials, judges and representatives of nineteen nations.

WOMEN'S WORK. WOMEN'S CLUBS. BY MYRA NYE. Friday Morning Club. A day of contrasts was enjoyed by the Friday Morning Club yesterday at the last meeting of the club year.

In the afternoon 300 club members were the guests of the Chamber of Commerce at San Pedro to see the launching of the Hollywood. The morning was made vivid and colorful by a program of music, vocalization and interpretive dances by Ruth M. Denis and two of her pupils, Miss Claire Niles and Miss Doris Humphrey, with music by Miss Anne Thompson. The electrical effects, which added greatly to the beauty of interpretation, were arranged by Miss Ellen Galpin. It is not going too far to say that of all the dance programs before clubs during the year this one was the most artistic and varied.

To the club members the little ceremony of installation for the newly-elected officers, the report of the president, Mrs. O. Shepard Barnum, and of the treasurer, Mrs. Arthur Wier, who reported a balance of over \$10,000, were the significant events of the day.

"We have changed the war slogan, 'carry on,' to 'catch up,'" said Mrs. Barnum. "Perhaps you think in our effort to catch up we have had too much in our programs about education, but today S.O.S. means save our schools, and this is the latest movement worth of our attention. While we have been dwelling upon education, we have avoided going too far in the three new 'radicalism,' reaction and religious faith, but we have done our best in reconstruction. Our programs have reflected world conditions and we have heard all the celebrities who have come to our State except Ithaca and MacArthur. Their prices running into four figures were prohibitive. All our lunches have been capacity lunches, that is, the dining-room has been full of our stomachs have not. We have added 150 members, more than the additions of any other one year, until we are the largest club in the general federation, numbering in all 2130 members."

Perhaps no other luncheon has there been so many distinguished and witty speakers as yesterday. Dr. Walter S. Dearborn spoke on "Working in Vacation Time," making a plea for mental activities, speaking particularly for the southern branch, University of California. Miss Mary McDowell of Chicago, nationally known as a settlement worker, made a plea for the women to help mold public opinion.

Miss Harriett Vitam, another eastern woman, gave an account of the "five sweltering days" of the Republican convention.

Mrs. W. K. Thurston, Dr. Dorothea Moore, Miss Teresa Levey and Mrs. M. A. English were the local speakers. Each one dwelling upon some phase of the plans for the new clubhouse, which is to be started next year at a cost of \$150,000.

PIONEER IS BURIED. (LOCAL CORRESPONDENT'S.) WHITTIER, June 24.—The funeral of Mrs. Kate Cook, widow of the late Rev. Amos Cook, was held from the Friends' Church this afternoon. Mrs. Cook having passed away at the home of her sister, Mrs. James McGee, Tuesday. Mrs. Cook had been a resident here for thirty years. She is survived by four sisters and three brothers: Mrs. Rachel Miller, Mrs. James McGee, Mrs. L. E. Hayes, Miss Martha Cammack, all of Whittier, and three brothers, F. M. How to keep a whole cheese fresh—

Tillamook Cheese in family use is intended for homes, boarding houses, hotels and restaurants.

The delicious quality and mild flavor which make Tillamook a favorite may easily be retained. Slice from the bottom. Heat a plate and place the cut end on it. The melted paraffin coating makes an air-tight protection which holds the flavor.

Because potatoes, macaroni, soups, coffee and cream of chicken are improved by the addition of Tillamook Cheese, you will find it economical to buy a small size "Tillamook" when you come to food.

But if you prefer, you may buy Tillamook by the slice from the best grocers every where.
